

The Big Shift

WOMENNOVATOR

Virtual Incubation Program 2021

CREATING A GENERATION OF FINANCIALLY
INDEPENDENT WOMEN BY TURNING EVERY
WOMAN'S CAREER ASPIRATION INTO ACTION

@womennovator

@womennovatorofficial/ @WEpitch

The Big Shift

Virtual Incubation Program 2021

The BIG SHIFT is a flagship initiative of WomenNovator launched in 2018 with the vision of providing budding entrepreneur women, who have the zeal & passion but are looking for support in various other aspects of a business. It's a **10-week Virtual Incubation Program** that provides an incredible opportunity for aspiring women to connect, learn and lead. The program brings together these women from multiple cities and sectors, creating an environment for peer learning. Today, we work closely with **8000+ women in 20+ countries, 100 cities across 90+ sectors**, and counting.

At the end of the journey, they meet the moguls from various sectors and industries, who are ready to hear their pitches. In our Global Summit in October 2021 we recognized **1000 women** who have experienced the 'Big Shift' in their professional and personal lives after they joined hands with WomenNovator. Not only the individual women, we have also observed that this had far-reaching benefits for their families and society at large.

WomenNovator is a global community of 10,000 men and women working diligently towards making women a '**true contributor to the nation's economic growth**'. Through meaningful interventions at different stages, we offer support to women-led initiatives. WomenNovator is committed to make the women and girls become equal contributors to the growth and development of the country under the **Sustainable Development Goal (SDG)-5**.

The best part is yet to come! Once you are part of the WE-Community, you will meet the many inspiring & aspiring female entrepreneurs, professionals, and even social activists that brings a new perspective to your thought process – it's time to connect and work together. **Together We Grow More!**

For any queries please contact us at partner@womennovator.co.in

Womennovator

TOWARDS WOMEN EMPOWERMENT

Womennovator brings together individuals and institutions that have the potential to influence the ecosystem of 'women empowerment.' The platform connects established stalwarts and the currently faceless marginalized women on a single platform – **the WE (Women Empowerment) platform**. It empowers and enables them to engage and interact with one another to co-create a gender-just society.

In 2020, we launched **We-Learn** – an online learning platform with a rich repository of courses to upskill our community. For women who are at advanced stages of their business, we launched **We-Mark**– an online marketplace for sellers and resellers. It's for men and women who wish to expand their geographical reach and client base globally.

For any queries please contact us at partner@womennovator.co.in

Womennovator

TOWARDS WOMEN EMPOWERMENT

"My goal is to see every aspiring women to become an active contributor to the GDP of their country's economy. It's time to breakthrough the glass ceiling."

In the year 2014, I started formally working on Womennovator as a concept, but the story started much before. I have always felt that one of the core reasons that a Woman was unable to take up her passion, owes to the fact that there are not many who would listen to her and take her as a serious entrepreneur, as well as lack of business nuances. This led me to mobilization of small groups of women- no matter at what scale they are working or may just be with an idea; and connecting them to each other to get knowledge, inspiration & perspective. Today, when Womennovator is going Global; it's not only my vision, it's the vision of 8000+ women to reach out and their enthusiasm that has made what we are today. My team has been my pillar of strength who have been diligently working on this since its inception.

Looking forward to a brighter future, it's time to WIN!

For any queries please contact us at partner@womennovator.co.in
