LEADERS OF THE MONTH

PRIYANKA KAUSHIK

I am Engineer by background. I always want to contribute to the society so I thought of taking civil services. I could not get through that so I did my masters in sociology and currently pursuing PHD from CHRIST UNIVERSITY. Through my research I want to know the work done at the grass root level for women and how it is leading entrepreneurship mindset in women and thus empowering women for being independent.

SANDHYA PRAKASH

With a rich experience in customer acquisition for a diverse set of industries viz. Renewable Energy, Energy Management, Information Technology, Software, Education, Gift Items, Food, Industrial Products, Textile & Clothing, I specialize in Business Development Strategies for concepts, products and services.

Over a period of 25 years, I have finely tuned the process of building credibility of a company in a market and developed intuition which enables me to identify what strategy will work and what needs to be done to implement the strategy.

I have taken on eight businesses, in both for-profit and not-for-profit segment, from being a start-up to growth and expansion. I thoroughly enjoy this process of launching companies in the middle east market.

As an abstract artist, poet and singer, the creative side, assists me in breaking boundaries and making everything possible.

Repurpose your bottles with Womennovator. Research states that it takes at least about 1 million years for glass to decompose, but it is also one of the easiest materials to recycle. We want to combine the cause of environment with social entrepreneurship and want to inculcate the habit of reusing old articles to create beautiful home decor items.
